

AI ENGINEER · TECHNICAL FOUNDER

Rishab Chhetri

I build AI systems that get deployed.

Founder & CEO of Zobique and Co-founder & CTO of doctorrating. From a small village in Nepal to building in India, he ships AI that runs in real systems, from India's National Career Service to client businesses, while completing his B.Tech in Computer Science at MRIIRS.

Also delivered for Fahad Electrical Engineering, The Silver Button and more →

CO-FOUNDER & CTO

doctorrating.in

A healthcare transparency platform: free verified websites for doctors, registration checks against public council records, and free tools for patients. Rishab built the whole platform.

Live, onboarding doctors in Gurugram · Case study →

BUILT WITH

Kunwer Sachdev

Founder of Su-Kam Power Systems, known as the Inverter Man of India. Now a mentor and angel investor, building doctorrating as his way of giving back.
